Norridge, IL 60706 | (708) 506-7083 | vladyslavopatskyy10@gmail.com | <https://vlado2004.github.io/vladyslav-portfolio/#projects>

EXPERIENCE

Freelance Car Sales | Feb 2024 – Present

- Independently source, market, and sell vehicles while collaborating with dealerships and coordinating client meetings for vehicle viewings and test drives.
- Communicate with prospective buyers throughout the sales process, supporting both cash and financed purchases while negotiating pricing and managing transaction logistics.

Passenger Service Assistant, Prospect Airport Services — Chicago, IL | Jun 2023 – Present

- Assist passengers with limited mobility and special needs throughout the airport, coordinating safe and timely transportation between terminals, gates, and baggage claim areas.
- Provide high-quality customer service while guiding travelers to destinations, handling personal belongings as needed, and ensuring compliance with airport safety and accessibility procedures.

Sales Associate, Staples — Norridge, IL | Jul 2022 – Jun 2023

- Delivered customer-focused retail support by assisting shoppers with product selection, technical questions, and purchase decisions in a high-volume store environment.
- Maintained organized sales floors through inventory stocking, merchandising, and safe handling of heavy products while supporting overall store operations.

Customer Service Agent, Worldwide Flight Services — Chicago, IL | Apr 2022 – Jun 2022

- Assisted airline passengers with ticketing, check-in, baggage processing, and travel documentation verification for both domestic and international flights.
- Provided front-line customer support while resolving travel issues, answering inquiries, and ensuring compliance with airline and airport procedures.

EDUCATION

B.S in Data Science, University of Illinois at Chicago - Chicago, IL

Major: Data Science - Business Analytics Concentration

GPA: 3.62/4.00

Honors: College of Engineering Dean's List

Relevant Coursework: Data Structures, Statistical Methods and Computing, Elementary Statistical Techniques for Machine Learning and Big Data, Optimization for Analytics, Business Model Simulation, Applied Statistical Methods II

CERTIFICATIONS

AWS Academy Graduate — Certificate in Data Engineering

Skills: AWS Cloud, data engineering fundamentals, data pipelines, and securing data.

PROJECTS

IDS 400 Sports Analytics & Player Performance Modeling, Project Portfolio (Linked above)

- Built a data analysis pipeline in Python (Pandas) to clean and preprocess a Kaggle dataset of 574 Premier League players and 36 performance variables, performing data validation, missing-value handling, and feature transformations to produce a 505×39 analysis-ready dataset.
- Conducted exploratory data analysis (EDA) and statistical insights to evaluate performance metrics including goal contributions vs. expected goal contributions (xG+xA), player workload distribution, and youth player utilization trends across the league.
- Designed data visualizations and top-k ranking analyses to identify overperforming/underperforming players and emerging talent, translating complex performance metrics into actionable insights for sports analytics applications.

STAT 481 - Regression Project, Project Portfolio (Linked above)

- Developed and validated a multiple linear regression model in R to predict Pokèmon height, using different techniques for feature engineering and fine-tuning such as VIF, Box-Cox, and backward stepwise selection.
- Improved model fit via Box-Cox procedure and log transformations followed by backward stepwise elimination to select a streamlined feature set; achieved $R^2 = 0.6256$ with a statistically significant overall model ($F = 73.52$, $p < 2.2e-16$).
- Conducted regression inference using overall F - tests/ANOVA and individual t-tests to identify significant predictors and further elaborate on the model in my report.

SKILLS

Programming and Tools:

- AI Prompting
- Python (Pandas, Seaborn, Matplotlib, scikit-learn, Gurobi)
- R
- SQL
- SAS
- Excel/Google Sheets

Data Science Expertise:

- Data Cleaning
- Data Validation
- Data Manipulation
- Machine Learning
- Statistical Analysis
- Data Visualization
- Prompt Engineering

Languages

- English - Fluent Speaker
- Ukrainian - Fluent Speaker
- Russian - Advanced Speaker
- Polish - Intermediate Speaker

Activities

- Men's Club Soccer at UIC (2024 - Present)
