Education

COOP Careers - Data Analytics Fellowship *Expected December 2026*

- Strengthening my data analytics skills through certifications, real world projects, and mentorship, cleaning and restructuring messy data in Excel and SQL, building Tableau dashboards that answer specific business questions, and turning findings into plain English recommendations for non technical stakeholders.

University of Illinois Chicago, College of Engineering *Chicago, IL*
Bachelor of Science in Data Science - Business Analytics Concentration *May 2026*

- Relevant Coursework: Data Structures, Statistical Methods and Computing, Elementary Statistical Techniques for Machine Learning and Big Data, Optimization for Analytics, Applied Statistical Methods II

Technical Skills & Certifications

- **Certifications**: Google Analytics Professional Certificate (Coursera), AWS Academy Graduate - Data Engineering, Google AI Professional Certificate (Coursera)
- **Programming Languages & Visualization**: Python, SQL, Excel (Pivot Table and VLOOKUP), Tableau, R

Projects

STAT 481 - Regression Analysis Project (R) | Portfolio linked *December 2025*

- Developed and validated a multiple linear regression model in R to predict Pokémon height, using different techniques for feature engineering and fine-tuning such as VIF, Box-Cox, and backward stepwise selection.
- Achieved $R^2 = 0.63$ with a statistically significant overall model ($F = 73.52$, $p < 0.001$).
- Conducted regression inference using overall F - tests/ANOVA and individual t-tests to identify significant predictors and further elaborate on the model in the report.

Work Experience

Handshake AI Fellowship **Remote, USA**
AI Trainer/Evaluator *May 2026 – Present*

- Evaluate AI-generated responses against detailed quality and accuracy guidelines, delivering structured feedback to improve model performance across 10+ projects.
- Assess model outputs for accuracy, reasoning, and responsible data handling, documenting clear, evidence-based rationales for each evaluation.
- Collaborate with remote cross-functional teams to align on evaluation standards and communicate feedback, completing 10–15 tasks weekly.

Self Employed **Chicago, IL**
Car Sales *February 2024 – Present*

- Sell 30+ cars annually by managing negotiations and finances with customers, combining private sales with collaborations across various dealerships in the Chicagoland area.
- Analyze car market trends and pricing dynamics to source undervalued vehicles, averaging $3,000 profit per vehicle with a high of $7,000.
- Communicate with 10-15 prospective buyers monthly throughout the sales process, coordinating cash and financed purchases while maintaining accurate records of customer and payment details.

Prospect Airport Services **Chicago, IL**
Passenger Service Assistant *June 2023 – Present*

- Coordinate safe and timely transportation between terminals, gates, and baggage claim for passengers with limited mobility and special needs, assisting 50+ passengers weekly.
- Guide travelers to their destinations with time to rest before their flights, ensuring on-time arrivals within 20–30 minutes per trip.
- Log each passenger's assistance in compliance with airport safety and maintaining accurate service records.
